To whom it may concern

My name is Bob Auger, previously Vice-President, Multimedia of the Ohana Foundation in Honolulu, Hawai'i and I am very happy to endorse Michael Rivero as an ideal candidate for production management roles in the Multimedia and 3-D industries.

Michael worked closely with me at the Ohana Foundation, where he demonstrated great professional skill and understanding of the production process for complex DVD-ROM projects. As well as contributing to the smooth running of the Multimedia department, his technical knowledge proved invaluable in tracking down and solving complex problems.

Mike cares deeply about the projects under his control and can be relied on to spot potential bottlenecks before they occur and to manage the workflow efficiently. In addition to his familiarity with production for screen-based media, his past work in 3-D animation gives him a very broad-based understanding of the business needs of an organization.

I have no hesitation in recommending Michael Rivero to any potential future employer, on the basis of his personal skills and expertise. You may contact me for confirmation of the contents of this letter.

Thank you
